

PRESS RELEASE

Zurich, 21st May 2019

Humatica advises Capvis on their recent investment in Xovis

Humatica AG was retained to advise Capvis on its majority investment stake in Xovis, the global leader in people flow measurement and analytics. With the support of Capvis, Xovis' management will continue to focus on growth and plans to enter new markets and business segments.

Humatica provided organisational due diligence services for this transaction.

About Humatica

Humatica is a specialist consultancy helping private equity investors and portfolio company management teams to increase value through organisational excellence. The firm applies hard-facts analytics to deliver quantified transparency on the behaviors which drive value growth, and assists leaders with implementation to realize bottom line benefits.
